GREAT LEMALE MEDICINE. Dr. Townsend's Sarsaparilla is sovereign and speed ure for incupient consumption, barrenness, leucorrhe or whites, obstructed or difficult menstruation, incomence of urine, or involuntary discharge thereof, and or the general prostration of the system-no matte whether the result of the inherent causes, or produced ov irregularity, illness or accident. Nothing can be more surprising than its invigorating

effects upon the human frame. Persons all weakness and lassitude before taking it, at once become robus and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, hich is the great cause of barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have and other styles in great variety.
